SESSION SUMMARY: SITE IS A STRUCTURE SURROUNDED BY A "FENCE-IN" AREA.

THE "FENCE-IN" HAS A "CATCH-ALL" OR VENT ROUGH POLE.

THE FENCE-IN AREA SURROUNDING THE STRUCTURE APPEARS TO BE EVENT-SIZED AND AROUND THE STRUCTURE, AND, FOR THE MOST PART, OPEN. THERE ARE SOME "JUNKY-LOOKING" KNOTS IN IT.

THE STRUCTURE, ITSELF, IS VERY CLEAN & GIVES THE IMPRESSION OF A <sup>PARTLY</sup> ALMOST INDUSTRIAL/ALMOST SCIENTIFIC IN NATURE.

INSIDE THE STRUCTURE THIS IS A LOT OF ACTIVITY, ALL OF WHICH SEEMS TO BE OF A TIME-SENSITIVE NATURE. ALL THE ACTIVITY IS OF A COORDINATED AND SOMEHOW INTERRELATED, ~~IN SPITE OF THE~~ FACT THAT IT CONSISTS ~~IN SPITE OF THE~~ PROJECTS.

THE ENTIRE SITE SEEMS TO BE LOCATED AT AN UNPOPULATED END OF TOWN.

OUTSIDE THE BLOCK, I GOT THE FEELING OF HESITANCY TO GO INSIDE, BUT ONCE INSIDE, IT SEEMS VERY NICE & IMPRESSIVE.

SESSION ONE  
1112 HRS.
